## FRENCH BULLDOG

A little bundle of muscle & charm

Available in 3kg

Sponsors of the French Bulldog Club of NSW for 12 years

### **PRESIDENT'S WELCOME**

Welcome members and their owners to our 59<sup>th</sup> French Bulldog Specialty Show. Thank you all for supporting and making this day possible especially all the interstate and long distance travellers.

I would like to extend a warm welcome to our judge Mr Colin Blair and hope you enjoy your stay in Australia.

The show sponsors Royal Canin have once again provided great support to the show. I would also like to thank those who kindly made a donation for the show. I'm sure everyone that wins one of Danielle Murawsk's candles will just love them.

A big thank you to the committee and all the behind the scenes members for their hard work to make this day special.

I hope everyone has a great weekend and a safe trip home. Enjoy!

Deborah Brady

### **SHOW RULES & REGULATIONS**

This show is conducted under the Rules and Regulations of the RNSWCC Limited. Dogs NSW Wales is a trading name of RNSWCC Limited. A copy of such Regulations may be perused at the Secretaries office.

The Committee reserves the right to alter or amend judging arrangements and to appoint a substitute judge if deemed necessary as prescribed under the RNSWCC Limited Rules & Regulations.

All ribbons, sashes, trophies and prizes must be collected on the day of the show.

Critiques are to remain the property of the French Bulldog Club of NSW Inc.

**Introducing our Judge – Colin Blair (UK) – Twinhoe French Bulldogs**

Although born in rural Donegal, Ireland my mother was far too busy bringing up a large family and pets just weren't allowed. As a child I recall befriending and bringing home stray dogs from the local Park and begging mother to let them stay but it wasn't until I left home at aged nineteen to work with horses that Tarka the Pointer came into my life. Bred from the kennel of the late Lord Rank she was a pure Scotney working bitch and I had no idea how brilliant she was as a working dog. I took her with me to groom for HRH The Princess Royal where she got up to all sorts of mischief including stealing a Teddy from Princess Ann's bed and marauding around the

local village with Princess Anne's Dumfries hound on bin days tearing open all the refuse sacks. The local garage would ring to say Tarka and Pleasure have gone past and the butler would be despatched to collect them. Being totally naïve I took her to the local championship show and entered her in every class from Novice to open bitch! Needless to say I came last but was bitten by the showing bug.

I showed several Twinhoe Pointers in the early 1980's under the before taking a partnership in the Mallysmar kennels in 1983. The kennel was very successful with Skye Terriers, Tibetan Terriers and a Lhasa Apso named Saxonspring Fun and Games at Mallysmar. He won a heat of pup of the year as well as Groups and reserve best in shows at championship level as did our Tibetan Terrier Ch Kokonor Go for Gold at Mallysmar. The kennel won over one hundred challenge certificates in 3 years.

When my partner announced he wanted French Bulldogs I was horrified! The breed they did not appeal to me and I did my best to discourage him. I recall going to a championship show and my partner marched me straight to the trade stand run by Maureen Bootle of the world famous Tommyville French Bulldogs. She invited me to look over the stable door of her caravan at the back of the stand and I was greeted by half a dozen very enthusiastic Tommyville Bullies. I was entranced and completely smitten and after a year of pestering we were finally allowed to have Ashleam Dinah of Tommyville in partnership with Maureen.

Dinah was sired by Ch & Swe Ch Tommyville Tommy had the most gentle, kind disposition and I adored her. She had already won a reserve CC from puppy but she sadly died very young. Next, a young brindle dog pup came to Mallysmar named Tommyville Tee Vee Star at Mallysmar aka Elmer. At this time the Mallysmar partnership ended and Elmer went on to gain his title and become the founding sire of the Twinhoe French Bulldogs. He was bred in the purple by Ch & Swe Ch Tommyville Tommy; his dam was Ch Tommyville Top Drawer for Aradet.

The most well-known Frenchie bred at Twinhoe would be Ch Twinhoe Vernon. He was an only puppy and as such was thoroughly spoilt and a huge character. Vernon was best puppy in breed winning the reserve CC first time out at 7 months. At 14 months he took his first CC and third in the utility group and his second CC at Crufts at aged 17 months when he was also fourth in group. Two Twinhoe Frenchies have come to Australia. Twinhoe Walter, sired by Ch Tommyville Tee Vee Star at Mallysmar gained his Australian title in 1991 for the late Kath Parlett and Twinhoe Adelaide is a founding bitch for Angela McInnes's Bullecourt Kennel.

I first awarded challenge certificates in 1999 at the Midland and Northern French Bulldog Club, drawing a record entry at the time for the club. I have judged at numerous Championship shows in the UK and I have also judged a club show in Denmark in 2012 and the French Bulldog Club of Russia's speciality show in 2014. Coming from an equine and gundog background my Frenchies have always been treated to an active lifestyle and soundness and construction is very important to me both in my breeding and judging. I am very much looking forward to coming to Sydney. My last visit was in 2003 and at that time I did not want to go home! It is such an honour to be invited and I look forward to meeting you all and being surrounded by your wonderful Frenchies.

Colin Blair

IDEAL MUSCLE MASS

HEALTHY SKIN

ODOUR REDUCTION

Exclusive kibble

OMEGA 3 – PROTEIN 26%

The French Bulldog formula has been specifically designed to help maintain muscle mass and stimulate fat metabolism. With an optimal protein level of 26% and reinforced with L-carnitine, this exclusive Royal Canin formula also includes added ingredients and science to maintain optimal digestibility to help reduce flatulence and bad smelling stools.

✓ **Joint Support**

Helps maintain cartilage and joint health with glucosamine and chondroitin sulphate and Omega 3 fatty acids.

✓ **Odour Reduction & Digestion**

Ensures optimal digestion and intestinal flora balance from L.I.P proteins and enriched with fructo-oligo-saccharides. Reducing intestinal fermentation helps to combat flatulence and bad smelling stools.

✓ **Exclusive Kibble Shape for the Brachycephalic Jaw**

Specifically designed shape to make it easier for the French Bulldog to pick up the kibble and encourage chewing to maintain good dental hygiene.

TEAM6/53/12/12

**Breed Standard – French Bulldog (last updated 22 May 2009)**

**General Appearance:** Sturdy, compact, solid, small dog with good bone, short, smooth coat. No point exaggerated, balance essential. Dogs showing respiratory distress highly undesirable.

**Characteristics:** Full of courage, yet with clown-like qualities. Bat ears and short tail characteristic features of the breed.

**Temperament:** Vivacious, deeply affectionate, intelligent.

**Head and Skull:** Head square in appearance and in proportion to dog's size. Skull nearly flat between ears, domed forehead. The skin covering the skull and forehead should be supple enough to allow the dog to show facial expression. Well defined muzzle, broad, deep and set back, muscles of cheeks well developed. Stop well defined. Lower jaw deep, square, broad, slightly undershot and turned up. Nose black and wide, relatively short, with open nostrils and line between well defined. Lips black, thick, meeting each other in centre, completely hiding teeth. Upper lip covers lower on each side

with plenty of cushion, never so exaggerated as to hang too much below level of lower jaw.

**Eyes:** Preferably dark and matching. Moderate size, round, neither sunken or prominent, showing no white when looking straight forward; set relatively wide apart and on the same level as the stop.

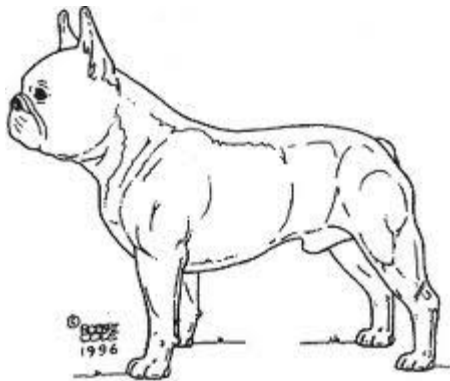

**Ears:** "Bat ears", of medium size, wide at base, rounded at top; set high, carried upright and parallel, a sufficient width of skull preventing them being too close together; skin soft and fine, orifice as seen from the front, showing entirely. The opening to the ear canal should be wide and open.

**Mouth:** Slightly undershot. Teeth sound and regular, but not visible when the mouth is closed. Tongue must not protrude.

**Neck:** Powerful, well-arched and thick, but not too short.

**Forequarters:** Legs set wide apart, straight boned, strong, muscular and short.

**Body:** Cobby, muscular and well rounded with deep, wide brisket and ribs well sprung.

Strong, gently roached back. Good cut up.

The body while broader at the shoulders should narrow slightly beyond the ribs to give definition to the relatively short, thick, strong, muscular loin.

**Hindquarters:** Legs strong, muscular and relatively longer than forelegs, with moderate angulation. Hocks well let down.

**Feet:** Small, compact and placed in continuation of line of leg, with absolutely sound pasterns. Hind feet rather longer than

the fore-feet. Toes compact; well knuckled; nails short, thick and preferably black.

**Tail:** Undocked, short, set low. Thick at root, tapering quickly towards tip, preferably straight and long enough to cover anus. Never curling over back no carried gaily.

**Gait/Movement:** Free and flowing. Soundness of movement of the utmost importance.

**Coat:** Texture fine, smooth, lustrous, short and close.

**Colour:** Brindle, pied or fawn. Tan, mouse and grey/blue highly undesirable.

(1) Brindle - a mixture of black and coloured hairs. May contain white provided brindle predominates.

(2) Pied - white predominates over brindle. Whites are classified with peds for show purposes; but their eyelashes and eyerims should be black. In peds the white should be clear with definite brindle patches and no ticking or black spots.

(3) Fawn - may contain brindle hairs but must have black eye lashes and eye rims.

**Sizes:** Ideal weight:

Dogs 12.5 kgs (28 lbs)

Bitches 11 kgs (24 lbs)

Soundness not to be sacrificed to smallness.

**Faults:** Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.
